

EXTOL DATA SYNCHRONIZER (EDS) FUNDAMENTALS for the BUSINESS USER

This self-paced training class teaches the fundamentals of the EXTOL Data Synchronizer (EDS). It is intended for business users and managers who are responsible for the data identification, gathering, preparation, registration, and publication aspects of their Data Synchronization projects.

Your company will have access to the training materials for 30 days, allowing for multiple users to learn EDS, and a 30 minute Q&A session with a Trainer.

Course Objectives:

- Understand the basics of EXTOL Data Synchronizer
- Understand the Message Types and Workflow
- Create an Item
- Create an Item Linking
- Create a Publication
- Understand the Message Log

Prerequisites: The prerequisites for the course are:

- Current version of EDS installed
- Basic experience using the EXTOL Data Synchronizer

Pricing: \$600 for 30 day unlimited access
